Dear Mr. Parker:

On June 30, 2005, American Transmission Company LLC (ATC) filed an update, referred to as Appendix I, to their above application. Commission staff has reviewed this update for completeness purposes. Based on this review, I have determined that the application is complete. As of the date of this letter, the Commission's 180-day review period begins, as provided in Wis. Stat. § 196.491(3)(g).

Please be aware that to complete the record for this case, you may be required to develop further information later in the Commission's review process. If this happens, Commission staff will promptly issue a data request for the specific information needed. Immediate responses to additional data requests, if necessary, will avoid delays in the Commission's review of the project.
